## Wild Boar Killed At Knights

The Johnnie Knights of Route 1 have about 50 hogs and shoats, and then several days ago they found an extra animal in the pens, this 250 pound boar. The boar killed three pigs, chased the Knight boys and generally raised havoc with fencing until Johnnie Knight's shotgun and the "38" pistols of county officers Gene Richardson and Henry White put an end to him late Tuesday night, Oct. 28. His long tusks and mean behavior made him a most unwelcome animal, but young Mike Knight, shown with brothers Johnnie and David can make an exciting story of it. Because they were willing to help subdue and kill a potentially dangerous animal, Mrs. Knight said, "I think Appomattox should be proud of Richardson and White."

Sabbath School Lesson 5 for November 1, 1969.
Subject: The Sure Word of Prophecy.
Memory Verse: We also have a more sure word of prophecy; whereunto ye do well that ye take heed, as unto a light that shineth in a dark place, until the day dawn, and the daystar arise in your hearts. 2 Peter 1:19.
Study Aim: (1) To uncover the prophetic character of certain parts of the Scriptures. (2) To discover the basic principles of prophetic interpretations.
Lession Outline: Introduction
1 – The Bible A Book of Predictive Prophecy. Q1. The first and last prophecies. Gen. 3:15; Rev. 22:20, Q2. The last book a prophecy of the future, Rev. 1. Q3. A study of Daniel and the Revelations. Matt. 24:15, Rev. 1:3, II Dependability of Bible Prophecy. Q4. The prophetic Word made sure. 2 Peter 1: 19, Q5. The prophets "moved" by God's Spirit. 2 Peter 1:21, Q6. The prophets study, the prophets. 1 Peter 1:11,12, Q7 The Spirit of Christ in the prophets. 1 Peter 1:11,12, Q8 Established in "present truth." III. Basic Principles of Prophetic Interpretation. Q9 The Bible its own expositor 1 Cor. 2:12, 13; Q10. No private interpretation 10-14. Q12. Wisdom for those who ask – Deut. 29:29, Q13. Progressive relation of truth. James 1:5-8.
Lesson Summary – The word "Prophecy" as used in the Bible, Rom. 12:6 refers to every message from God, whatever its nature. In a more limited sense the word is commonly used in referring to predictions of future events. The first predictive prophecy found in Gen. and Christ's smiting the serpents head by means of His victory on the cross. The predictive prophecies of the last book of the Bible forecast the second coming of Christ the day of the Lord, and deliverance of the saints. Between Genesis and Revelations are to be found hundreds of prophetic predictions which (1) have meaning today (2) have not met fulfillment in the past, or (3) will be fulfilled in the future.
In 2 Peter 1:20, he declared that no Bible prophecy reflects the private opinion of the prophet as he hastens to state, these holy men of old were moved by the Holy Ghost as they wrote, Surely, if those who wrote the Bible were not permitted to inject their own ideas into it, we who read, that they wrote have no right to inject our private ideas into a passage of Scripture and then claim for our private ideas the authority of Scripture. May we go to the fountain often and search the Scriptures daily so we may know what is "Present truth" for the times in which we are living.
Sabbath School 9:30 a.m.
Worship Service – 11 a.m.
There is always a standing invitation for our friends to sit in on services at our church. Come!

## Beekeeper Makes News

Much to his surprise, beekeeper and producer G. C. Maxwell found that he had made both a state newspaper column and the Virginia Municipal Review because of a tax situation. In a recent issue of the Review under "Legal Rumblings" it was noted that "a beekeeper who sells honey in the town of Pamplin City is exempt from the town license tax. A locality cannot impose a license tax on a person for selling farm or domestic products outside the market house of the locality if the person grew or produced the products."

Mr. Maxwell has bee colonies in four counties. His bees feast on nectar from sourwood tree blossoms, producing a clear, golden honey that attracts many buyers to the area. According to him the U. S. Agriculture Dept. says that the success of at least 52 different crops depends on pollination from bees.

## Quilting Party At Red Oak

Monday was World Day of Prayer for WMU members, and these ladies of Red Oak Baptist Church and their guests from other churches marked the day with a practical expression of concern for others. They completed two quilts, one top which had been pieced by Mrs. Jim Childers (seated left) WMU president, and the other by Mrs. Nannie Wilkerson (standing, far left). Seated next to Mrs. Childers is Mrs. T. G. Marsh, who has made 21 quilts since last February. Working with her is Mrs. W. L. Williamson.

Standing (from left) are Mrs. Wilkerson, Mrs. Bradley Mann, Mrs. E. J. Hillsman, Mrs. Nell Cabaniss, Mrs. Fleming Martin, Mrs. H. H. Caldwell, Mrs. Buster Lucado, Mrs. L. H. Childers and Mrs. L. T. Lucado.

Mrs. Berkley Rogers (not shown) also helped with the project. The group enjoyed a luncheon at the church and worked throughout the day on the quilts destined to help in flood relief projects in either Nelson or Amherst. The Rev. G. E. Hughes is pastor.

## JORDAN BAPTIST

Quite right, because of unbelief they were broken off and you have taken your stand because of faith. Stop feeling proud but rather fear. If God did not spare the natural branches, neither will he spare you. Romans 11:20 – 21

The committee for the Church calendar for 1970 will meet with the members of the Church Friday night at 7:00 p.m. Nov. 7.
